

Sales Tax Brings Big Sums To Cities

City sales tax figures for tax liability for July, August and September and county sales taxes for the same period have been released by Illinois department of revenue.

Collections were reported from 1,190 municipalities and 83 counties and the total gross came to \$21,322,422 of which the state took a four percent cut for its trouble of handling the money.

The sales tax has been a lucrative source of revenue for municipalities, many -- if not most -- of them getting more income from sales taxes than real estate and personal property taxes. There would be more money from this source, it was said, if the state cracked down on those delinquent in their payments.

It is reported there are many liens on file in this and other counties for non-payment of sales tax that remain unpaid but at the same time the businesses against which they are levied continue to operate.

The net amounts received by area municipalities show that August returns were the

lowest of the three month period and September the highest. They were:

Mokena: July, \$1,432; August, \$1,369; September, \$1,714.

Frankfort: July, \$2,409; August, \$2,031; September, \$2,520.

New Lenox: July, \$2,656; August, \$2,483; September, \$2,761.

Orland Park: July, \$3,196; August, \$2,709; September, \$3,485.

Tinley Park: July, \$4,250; August, \$4,042; September, \$4,365.

Manhattan: July, \$624; August, \$492; September, \$808.

Matteson: July, \$6,339; August, \$5,094; September, \$5,670.

Lemont: July, \$4,378; August, \$4,335; September, \$4,933.

Lockport: July, \$4,909; August, \$4,629; September, \$5,978.

Palos Hts.: July, \$2,528; August, \$2,395; September, \$3,319.

Palos Hills: July, \$708; August, \$623; September, \$1,014.

Palos Pk.: July, \$484; August, \$234; September, \$417.

Film Bag Maker Would Like To Have Someone Build Firm New Plant

A firm that fabricates a large portion of those bags fashioned out of film material that meat processors use to display their products, would like to establish a plant at Frankfort.

The plant, according to Len Vitulis, of Vitulis & Co., converters of plain and printed flexible film, Chicago, should be at least 100 x 300 feet, with heating facilities for the workers but not for operating any of the processes. The company, whose electronic sealing process has gathered in many contracts Vitulis said, would do the wiring of the plant and is also ready to put up the money for the land.

Vitulis said the company had royalties coming in from patents that would enable it

to purchase the building in two years. Meanwhile it would occupy the premises on a lease basis, he said.

Vitulis appeared before the Frankfort village board at its meeting Monday night which also was attended by William Delph, chairman of the village industrial committee, and Burt Breidert, chairman of the Frankfort planning commission. Vitulis told Breidert that he became attracted to Frankfort after landing at the airport south of town on several occasions. It's proximity to Chicago was also a factor, he added.

Mayor Glenn Warning told Vitulis that the village was in no position to put up a building or otherwise give financial assistance in

bringing a business to the community. Vitulis said he was aware of this fact but hoped to interest someone in his proposal.

He said that his company's electronic sealing process made it possible for food processors to cook fruit or meat at high temperatures in film bags and then cool them rapidly. The food will keep in these bags, he said, as well as in tins and since they are flexible can be packed more closely.

Vitulis said that they would start with about 20 employees and eventually hire some 50 or 60, he said the majority of employees would be women but that the company paid good wages to be assured of reliable help.

Vitulis, Delph and Breidert later retired to one of the village offices to discuss the situation further.

The bag maker said his firm manufactured millions of flexible film containers a year. One of the containers now growing in popularity with chains and packers alike is a bag to contain 25 pounds of hamburger.

Most of the bags turned out by the company carry printing, Vitulis said. He added that besides bags for food the company also turns flexible film to many other uses.

Frankfort Lions To Hear About Medicare

Harold Whiteside, head of the Joliet office of the Social Security Administration, is to address the Frankfort Lions club at its meeting the evening of Jan. 18 at Arch Inn. The dinner is scheduled at 6:30 o'clock.

Arrangements for Mr. Whiteside's appearance on the program were made by Stanley Warning, club president.

Whiteside will discuss the provisions of the medicare and hospital insurance programs. There appears to be some confusion about them, he has found in his travels about the area.

Persons 65 years of age or older will automatically participate in the medicare program, it was explained, but the hospital insurance plan which will cost \$3 a month is elective. Persons who want this insurance must sign applications to that effect prior to March 31. This applies to persons 65

or over who have not yet chosen to apply for social security payments, as well as those now receiving social security benefits.

Mr. Whiteside said that his office will provide speakers to address any organizations in the area who would like to be informed about the workings of the social security act.

Greetings Give Lift To Marine In Vietnam

Henry Barnett, of Mokena, a lieutenant in the Marine Corp now on duty in Vietnam has written this paper to say thanks for the many letters and cards that have come to him during the holidays.

He would like to answer each in person but the time schedule there, with a war going on, leaves him little time to do that.

"It is a wonderful feeling to hear from old friends and acquaintance," he wrote the newspaper. "Mokena still has that one quality in its people which has always impressed me and that is the friendliness and closeness of the people. I am proud to be a part of it."

Lt. Barnett is with the 7th Marines, 3rd Marine Division.

I-80 Missing Link Gets "Go" From Gov. Kerner

Plans for completion of the "missing link" in I-80, between Hazelcrest and Joliet this year have received the "go" from Gov. Kerner.

Until recently there has been considerable heel-dragging so far as work east of Joliet was concerned. Last spring at a meeting sponsored by the Joliet Regional Chamber of Commerce the state highway engineer of the Elgin district office stated that it would be 1967 before the plans for the missing link section would be completed.

However, action on the project has been developing and several weeks ago the Graphic Newspapers published a story to the effect that the program called for speed and there was every possibility that it would be completed in 1966.

There was no official word to that effect but the sources responsible appeared to be reliable. Now Gov. Kerner has made it official. But even before the governor stated that I-80 has the green light there were agents in the area talking with landowners about right-of-way, the first time such approaches have been made in these parts since the project was first discussed.

Thus all indications point to action on the route this spring.

Contracts have been let for grade separation structures and paving between Hazelcrest and Harlem ave in Cook county.

And according to highway officials it is estimated that \$8.8 million will be the cost of paving I-80 from Joliet to east of Wolf rd.

Grade separation work for Cedar road, Parker road,

the Wabash railroad at Marley, Maple rd., the Rock Island railroad and 80th avenue is set at \$1.9 million.

The big spending, of course, will be for structures and paving within the boundaries of Joliet.

It has been estimated that the right-of-way between the Will-Cook line and Joliet will run to about \$860,000, and approximately \$312,000 will be spent to acquire right-of-way for I-57 between the Will-Kankakee line and the Will-Cook county line.

New Lenox is still hopeful of eventually getting a grade separation on Cedar rd. to relieve the traffic congestion that is believed to be inevitable.

There is to be access to I-80 about a mile west of New Lenox with traffic required

to cut thru traffic to reach it. There is also a grade separation scheduled for the point where U.S. 45 will pass over I-80 in the vicinity of 183rd st.

It is reported that U.S. 45 will be moved over to the west. First reports said it would be moved 300 feet; now it is said the distance will be 400 feet.

The present route of U.S. 45 is under the Rock Island tracks but it is said that under present plans it will be carried over the railroad but easily accessible to traffic using 191st street.

The grade separation on Francis road was opened to traffic as a Christmas present to area residents who use that thoroughfare. The Wolf road overpass was completed several weeks previously.

Long Illness Is Fatal To Mokena Boy

Herbert J. Neumayer, 16, son of Mr. and Mrs. Herbert Neumayer, 191st and 76th ave., Mokena, died Sunday, Jan. 2 at St. Bernard's hospital, Chicago, following a long illness.

The boy had lived most of his life in Mokena and was a junior at Lincoln-Way high school.

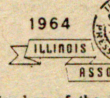

In addition to his parents he is survived by seven brothers, Gill, Gary, Blair, Dennis, Terry, Robert and Richard, all of Mokena.

Services were held Wednesday at 1:30 p.m. at the Hirsch Memorial chapel, Tinley Park. Burial was in Chapel Hill cemetery, Chicago.

JOHN BLAKSLEE, Joliet, has been named as an assistant state's attorney, to handle general duties as well as habeas corpus and appeal cases. The announcement was made this week by State's Attorney George E. Sangmeister, of Mokena. Blakslee will replace John Cirricione, who has resigned on advice of his physician plus the fact that his law practice no longer allows him the time necessary to devote to the duties of an assistant state's attorney.

Mr. Blakslee is a member of the law firm of Kroesch and Blakslee and is active in numerous welfare and civic organizations in Joliet and Will county.

State's Attorney Sangmeister expressed regret at the resignation of Mr. Cirricione and commended his work since he has been an assistant prosecutor. Mr. Blakslee comes to the office with a fine background, the state's attorney said, and he is sure he "will continue doing the fine job rendered by Mr. Cirricione."

75 Auto Deaths In Will Co. A Record

Last year was a black one for Will county when it came to traffic fatalities.

Seventy-five persons -- 11 more than the 1964 toll -- were killed in automobile mishaps. These incidents are commonly referred to as "automobile accidents," but there are authorities who take the position that most of them can be avoided. This was the heaviest traffic fatality list in the history of the county.

Coroner Willard G. Blood has broken down the figures to show the different categories. There were 16 killed in crashes involving only one car. The most deadly type of crash was the two-car collision. Twenty-six persons were killed in this manner; involvement of three autos accounted for three deaths, and a four-car crash on a controlled excess highway claimed eight lives and a five car crash accounted for four lives.

Five pedestrians were killed. Two bike riders were killed by autos; two persons were killed when autos hit parked cars; five persons were killed when trains and automobiles ran deadheats; one person was killed in an auto - motorcycle collision and there was one death when a truck hit a child on a tricycle.

Coroner Blood said that 12 of the deaths were due as a result of drivers using the wrong lane.

There were 64 persons killed in automobile mishaps in 1964.

In all, Coroner Blood conducted 115 inquests in 1965.

There was but one industrial accident death and one death involving farm machinery. Two died in airplane crashes; 10 persons died from fire and there were four accidental drownings in the county. Two persons died of freezing. And as usual

there was a man killed when a jacked-up auto slipped off the jack while he was working underneath the car. Two persons died in construction mishaps and two died from accidental gunshot wounds. Three persons were murdered and there were 16 suicides.

SAFER DRIVING

BY RONALD STOPKA
(Director, Driver Education
Lincoln-Way High School)

A traffic accident could happen to you, tomorrow, or the next time you drive. The accident could be no fault of yours, but most two-car collisions could have been avoided, thru the exercise of greater care by both drivers.

Safety is a state of mind. When driving, we should make safety our number one mental occupation. "Keep your mind on your driving," is good advice and is the first step to defensive driving. Drivers must condition their mental reactions to recognize and anticipate collision-producing situations.

Common courtesy will prevent smashups! You will feel good, and a lot safer when you give the other driver or pedestrian a break. Courtesy demands that you use the proper lane and give a clear signal before turning. Courteous drivers always dim their lights, even tho oncoming driver fails to dim his. A polite driver will yield to avoid a smashup, even tho he legally has the right of way.

One of the first rules for skillful driving is to keep your eyes moving and aim high in steering. Keep the whole traffic scene in view, not just the car ahead. The best way to avoid that traffic smashup is to make sure the other driver sees you.

Discuss Contract For Sewer Service To Convent Center

A proposed contract between the village of Frankfort and an Association of Franciscan Sisters of the Sacred Heart who own the St. Francis Woods convent and Sacred Heart high school providing for the use of the Frankfort sewage disposal plant by the church property, was discussed at length by the village board at its meeting this week.

The trustees suggested several changes which Village Attorney Augusts Santoro will include in the copy of the contract he will return to the Association.

Under the terms in the original contract the Association agrees to advance half of the cost of an oxidation pond at the sewage plant if the total cost does not exceed \$26,000. Should the cost be greater than the difference is subject to negotiation.

The Association also agreed to make an estimate of its expected population for the coming year on Sept. 1 and pay the sewage treatment bill for the year, in advance, by Sept. 30. When year goes by the payment will be adjusted on the actual population figure.

The rates as outlined in the contract call for \$17.84 for the first nine fulltime residents of St. Francis for a bi-monthly period; 90 cents bi-monthly for each fulltime resident in excess of nine; 22 1/2 cents bi-monthly for each day student, such rates to be multiplied by a factor of 1.284.

Under the contract submitted by the Association these rates would remain fixed but the trustees want them subject to negotiation so that if village residents should have to pay higher rates so would the Sisters, and if a lower rate were put in force for the village the Sisters also would benefit.

The village board wants to get the tap-in fees for any connections made to the main between U.S. 45 and the treatment plant and let the Sisters collect the fees on

the tap-ins between U.S. 45 and their property. The Sisters will be paying for the main and the easements but later will turn the sewer over to the village whose duty will be to maintain and operate it, with the exception of a lift station if such be needed. The Sisters would not only pay for the lift station but also maintain and operate it.

Burton Breidert, chairman of the planning commission who was on the sidelines suggested that the village hire Tec. Search, a planning engineering firm that has been employed by Frankfort, to study the rates proposed and the entire project and give an independent opinion on it. The board agreed to this.

The financial firm that handled the sewer bonds for Frankfort has approved the plan and rates for serving the convent property. The

Mokena Firemen Answer 79 Calls In Past Year

The Mokena volunteer fire department of the Mokena fire protection district answered 79 calls the past year, according to Stanley Williams, department president.

A breakdown of the calls reveals the following:

Inhalator	24
House fires	19
Grass fires	12
Misc. runs	9
Car fires	6
Assists to other departments	5
False alarms	4

In 1964 the department answered 111 alarms. In that year only 15 requests were made for the inhalator; there were 21 house fires, 40 grassfires, 13 car fires, 20 miscellaneous calls and two false alarms were turned in.

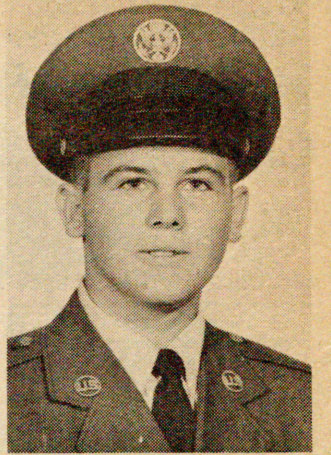

In 1965, Williams said, 24,000 manhours were put in in fighting fires with 56 1/4 hours of truck time recorded.

sewage treatment plant is large enough to accommodate this increase with room to spare, the bond firm pointed out. With more revenue coming in, it was explained, the village should be able to retire its bonds earlier.

The contract will be discussed further at the next meeting of the board and it is possible that Tec-Search may have its report ready by that time.

The various committees on the village board will begin studying the needs of their departments for the coming year in anticipation of making up the annual appropriation ordinance.

The village will remove several dangerous trees from parkways this week or next. Trustee Lynn Kohlhaas, head of the street department, announced that several loads of gravel will be placed on the west end of Nebraska and the west end of Ohio to eliminate some

DeKalb Plans Library Sc. Extension Course

Library reference materials will be the subject of a Northern Illinois University spring semester extension course at Joliet Junior College.

Mrs. Bernice Schuback, instructor in library science, will teach Introduction to Reference Materials (Lib. Sci. 312), beginning at 6:30 p.m. Wednesday, Feb. 2, in the junior college's library annex. The course offers three semester hours of undergraduate credit.

The course concentrates on materials used primarily by school and small public libraries. Mrs. Schuback will discuss reference works, pamphlet file, and non-printed materials and also explain use of the library as a means for enriching school curriculum.

Two other NIU extension courses at Joliet are closed for further registration. Dr. Joseph Clettenberg, NIU director of extension, said interested area students could

petition for a repeat of the following courses:

Junior High School Curriculum (Ed. 345) and Junior High School Organization and Problems (Ed. 522). Both are scheduled to begin at 6:30 p.m. Thursday, Feb. 3, at Joliet Junior college, but have full enrollments.

Application forms for NIU extension enrollment are available from Dr. Joseph Clettenberg, director of extension, NIU, DeKalb, Ill. Inquiries should indicate whether or not the applicant previously has attended any NIU courses. Tuition fees are \$9 per semester hour for Illinois residents; \$23 for non-residents.

New Series Of Parent Classes Open Monday

A new series of classes for prospective parents will begin at Silver Cross hospital, Joliet, on Jan. 11 at 7:30 p.m. in the inservice room on the third floor south. Entrance is made from the Eagle street side and the classes are free of charge. The opening program will be on anatomy and physiology process of reproduction, discussed by Mrs. SeDelle Peterson.

Board Agrees On Settlement Of Folkers Claim

The Frankfort village board has settled the account with Herbert Folkers involving easements for the sanitary sewer installed six years ago. The previous board proffered Folkers a check for \$343 covering an easement along certain of his property but declined to pay for an easement along U.S. 45 on the grounds that it was a state owned highway.

Folkers contends that he owns the land under the highway and if the village didn't give tacit recognition to that why did it bother to get an easement from him.

Village Attorney August Santoro reported to the village board that Folkers was willing to relinquish any claim for easement along U.S. 45 if the village would pay his six per cent interest on the \$343 since December, a period of six years. The board agreed and a new check was to go to Folkers this week, together with a release of claim against the village.

Fund Raising Dance To Benefit Boys Baseball

MRS. EDWARD HOVI
Telephone: 479-5740

The annual fund raising dance, held by the Arbury Hills Boys Baseball League, will be held at the V.F.W. hall in Mokena on Saturday evening, February 19. The cost of the tickets will be \$1.75 per person with the profits being used to finance the necessary baseball equipment for the teams for the coming season this summer.

The name of the band will be announced in the near future. Tickets may be obtained at the door the evening of the dance, or obtained in advance. The persons holding tickets will be announced, when they become available.

This annual dance has been a proven financial and social success in past years, and should add another memorable evening to its collection on February 19. Mark your social calendar for this date.

The organization will hold its regular monthly meeting at the school on Tuesday evening, Jan. 11, at 8 p.m.

The officers are requesting the presence of all the coaches and managers from the teams of last summer. It would also be appreciated to see some new faces in attendance. It was stressed that it is not necessary to have a son in the baseball age bracket to be active in the organization. It is not even necessary to have children of your own in order to

Batson, Mr. and Mrs. Ralph Swanson, Mr. and Mrs. Bill Adams and Mr. and Mrs. Greg Campbell.

Mrs. Virginia Fox, 237 W. Willow, will entertain members of the Woman's Guild of Grace Episcopal church at her home at 1 p.m. next Tuesday (Jan. 11). This will be the regular January meeting.

A special meeting will be held Sunday, Jan. 9 at 2:30 p.m. in the Methodist church to re-charter Cub Scout Pack 8. Ed Vollmer, Blackhawk district commissioner, will conduct the meeting. All parents are urged to attend.

The New Lenox Hay Shakers held their last meeting of the year on Tuesday, Dec. 21 at Francis Field. The New Lenox Bluebirds were invited to attend a party following the business meeting.

participate in the program. All that is necessary is an interest in young boys and in baseball.

The Summit Hill Parent Teacher Group will hold its meeting at the school on Thursday, Jan. 13, at 8 p.m. Why not add one more resolution to your collection and plan on attending the monthly meetings of the PTG?

Tonight, Thursday, January 6, at 8 p.m. will see the ladies of the First Nighters meeting at the home of Mrs. Roy Sipin of 9524 West Birch ave. for their first get together of the baby new year.

The Boy Scout Troop Number 10 of Arbury Hills received a thank you letter from the Guardian Angel home in Joliet in appreciation for the group of toys the boys had collected and repared to lend Santa Claus a hand.

When the toys were brought to the home, the Mother Superior told them some of the history of the home, and how the children were being sent to regular schools to be taught instead of maintaining their own schools.

She explained that this gave the children more of a feeling of being the same as all other children, not something to be isolated.

The scouts also wish to add their thanks to the girls of Mrs. Markowski's Cadette Girl Scout Troop for their assistance in the cleaning up of the toys prior to their donation to the home.

I'd like to add my own, well done boys and girls! Glad to hear that youngsters think of others as well as themselves.

Mr. and Mrs. Leroy Harris of 9521 West Rosewood Lane held a family reunion recently at their home. An assortment of thirty-one relatives from the nearby area joined in the celebration.

WSCS Topic Will Be Living In Space Age

MRS. KATHARINE HEISNER
Telephone: 469-5187

The WSCS of the Green Garden Methodist church will hold its meeting Wednesday, Jan. 12 beginning with dessert - coffee at 1 p.m. Hostesses are Mesdames Roger Ullrich, Elmer Morrison and Clayton Davis.

The business meeting will be conducted by Mrs. Dorothy Krapf, president.

The program topic is "Living in the Space Age", with chairmen Mrs. Clarence Johnson and Mrs. Paul Harris, presiding.

Mrs. Wesley Bettenhausen will entertain the Green Garden Homemakers Extension Unit at her home Friday, Jan. 14 at 1 p.m.

Marianne Carnahan, home advisor, will be in charge of the major lesson which is "Window Treatment".

Mrs. William H. Bettenhausen entertained the following guests on New Years eve; Mr. and Mrs. Lewis Test of Homewood, Mrs. Tillie Fuss of Lockport and Mr. and Mrs. John Heitman of Manhattan. Mrs. Fuss and the Heitmans were overnight guests.

Mr. and Mrs. Elmer Morrison entertained the following dinner guests on Christmas; Mr. and Mrs. Ralph Morrison, Sherri and

Sandra of Manhattan, Mr. and Mrs. Reese Morrison, Paula, Michael, Steven, Kathy, Patricia and David; Leslie Jacobs, all of Peotone; Mrs. Alvina Sievert, Mrs. Minnie Mundt and Elmer Rovenhagen, all of Manhattan.

Last Wednesday evening the Morrison's entertained Mr. and Mrs. Glenn Rovenhagen, Doug, Susan and Renee, of Joliet.

Mr. and Mrs. Harnack and Rita Ann, Mr. and Mrs. Walter Toben, all of Peotone and Mr. and Mrs. Alvin Harnack of Frankfort, were guests last Tuesday evening of Mrs. William H. Bettenhausen.

The November meeting on the 26th for the Green Garden Snip & Snack 4-H club started at 8:30 a.m. for a breakfast given by the electrical committee. At 10 o'clock the girls started to make candles which was an all day job. The meeting started shortly afterward. All the girls gave electrical talks. There was also an informative filmstrip about good grooming.

On December 18, the club held their Christmas party and meeting. The president opened the meeting. The Weber's food sale was discussed. After the meeting adjourned, games were played. Then the refreshment committee served the food.

After that the gift exchange took place. For the closing the girls sat around the Christmas tree and sang Christmas carols.

The next meeting is January 8. The club will be making pillows so please bring materials needed.

1965 Statistics Of Fire Department

MRS. SHERMAN KNOX
Telephone: FI 9-0211
The Orland Park volunteer Fire Department responded to 288 alarms in 1965. This was an increase of approximately 29% or 64 calls more than the previous year when the volunteers answered 224

alarms.
Following is a breakdown on the calls handled by the department in 1965. Inhalator, 66; house fires, 27; truck fires, 2; car fires, 23; first aid, 74; car accidents, 31; grass fires, 13; barn fires, 2;

dryer fires, 2; rubbish fires, 3; garage fires, 1; shed fires, 1; house trailer, 1; wash downs, 6; wires down, 9; assist calls, 2; lost child, 1; sprinkler alarms, 3; false alarms, 2; ADT, fals calls, 4; salvage 1 and miscellaneous, 14 - Total 288.

One of the busiest times of all came on Christmas Eve when the volunteers responded to numerous calls for broken power lines, car accidents, cars stranded by flooded roads, cars in ditches, etc.

They were kept busy all night and did not return to their homes until the following day when power was finally restored to the village hall. In all, 1965 was a busy year for the volunteers and with the continued growth of the community, Chief Granat anticipates another busy year in 1966.

Randy Horn, son of Mr. and Mrs. Henry Horn, was home for the Christmas Holidays. He is stationed at Ft. Knox, Kentucky.

Mr. and Mrs. Harry Heiting were dinner guests of Mr. and Mrs. Jack Ivers in Chicago, Sunday. Mrs. Ivers is a sister to Mrs. Heiting.

Derwinski Would Give G.I. Bill Benefits For Vietnam Service

Congressman Edward J. Derwinski (R., 4th Dist., Ill.) has announced that his first act when congress reconvenes on Jan. 10 will be to introduce a bill to provide troops engaged in the growing war in Viet Nam with the benefits of the G.I. bill given veterans of World War II and the Korean War. "We are at war in Viet Nam, and it is obvious that growing numbers of American men will be committed to combat despite the technical insistence of the Department of State that we are engaged in a form of training and police action", Derwinski said. "Therefore, it is completely consistent with the interest the nation has shown in its servicemen in past conflicts to provide the boys now in service with the same aid that veterans of the last two major wars have received."

Derwinski's bill would include educational and training benefits patterned after similar provisions of the Korean conflict GI bill, as well as home and farm loan provisions.

Derwinski pointed out that most members of congress were home in their districts checking public reaction to the issues of the day and that he was convinced the members would return to Washington fully recognizing the concern that the public has over conditions of our

fined to present members, anyone wishing to attend, is welcome.

At Christ Lutheran church and during the regular 10 a.m. worship service on Sunday, Jan. 9, a special service of induction will be conducted for the newly elected congregational officers, as well as, for those officers serving unexpired terms. The dedicated lay leadership of Christ Lutheran congregation for 1966 consists of the following officers:

President, Karl Scheel; vice president, Martin Findling; treasurer, Arlen Speckman; ass't treasurer, Harold Uthe; financial secretary, C. J. Renken and recording secretary, Louis Quast.

Christ Habenicht, Edward Duehr and Gust Oelke were elected elders.

Victor Fischer, Allan Schmaedeke and Edward Sramek were elected trustees.

Cemetery committee, George Uthe, Milton Duehr and Philip Rauch.

Auditing committee, Milton Duehr and Alfred Karre.

Building fund treasurer, Donald Duehr.

servicemen in Viet Nam and other world trouble spots. "I am most optimistic that a bill of this type will be approved by the Congress without undue delay," Derwinski reported.

The 4th District representative stated that heretofore Executive Branch officials had objected to such a bill for budgetary reasons, but in view of the tremendous increase in defense spending and consistent with past actions, he felt his bill merited approval. "There is plenty of 'fat' in the federal budget. We can save enough money now being wasted in useless spending schemes around the world to provide for our troops now being committed to combat," Derwinski said.

Monee Car Owner Asks Court To Halt License Revocation

(CNS) - An injunction issued by Circuit Judge Daniel A. Covelli will allow Wilbert E. Hebel, 30, of 1011 Roosevelt rd., Monee, to retain his automobile operator's license, despite a revocation notice issued by Paul Powell, secretary of state, with the effective date of Dec. 21.

The court's order provides the temporary restraining order against revocation until Hebel's suit is subject to administrative

review and hearing, and decision.

The suit filed for Hebel by Attorney Holland C. Capper relates Hebel received a notice from the Secretary of State on Dec. 18, that his operator's license would be revoked Dec. 21, as a result of "unlawful operation of a motor vehicle causing or contributing to an accident on Nov. 30, near Joliet, which resulted in death and injuries to persons." Notice also was sent to Hebel of the suspension of all registration certificates and license plates issued to any and all motor vehicles registered

in his name.

Despite the particulars in the revocation notice, Hebel denies in his suit he was involved in any accident on Nov. 30. His only involvement was in an accident last June 1, on Rt. 54 north of Monee, the suit relates, but even in that instance no violation of the law or negligence on his part was involved, he declares.

Hebel is a service man employed by Sears Roebuck & Co. whose work requires him to drive a truck in areas of Cook and Will county, and without his operator's license he would lose his employment, the suit relates. His own automobile, a station wagon, is used principally by his wife to drive one of their three children to a school six miles distant from home.

Utility Firm Plans Vast Construction Program In Region

Directors of Commonwealth Edison Co. have approved an \$800 million construction program for the next five years, J. Harris Ward, chairman, announced today.

The program anticipates annual expenditures as follows: \$160 million in 1966; \$175 million in 1967; \$165 million in 1968; and \$150 million in each year, 1969 and 1970.

The estimates for the first four years of the period reflect an increase of \$70 million over those announced in the electric company's report last March. No estimate for 1970 was made previously. Edison's 1965 construction expenditures were \$145 million, or \$5 million more than estimated earlier.

"An increase in our construction activity will be necessary to keep pace with the rapid growth of electric sales," Mr. Ward said. "With our load growing at the rate of nearly 7-1/2 percent a year we have included in our five-year program the amounts we will have to spend for over 2,500,000 kilowatts of new generating capacity scheduled for installation through 1969 as well as our estimated initial expenditures for capacity to be completed in subsequent years. We also have to step up the expansion and reinforcement of our transmission and distribution system."

The Commonwealth Edison construction program, Mr. Ward noted, is subject to continuous review and modification, depending on changing business conditions, load requirements, tax considerations, prices and other factors.

Principal items in the Edison construction program are the four big generating station additions already scheduled for 1966-1969. The first of these will be a 580,000-kilowatt coal-fired unit which is scheduled for service at Joliet Station next spring. A unit

of the same size was placed in operation at the same station last April.

In 1967, the first of two 600,000-kilowatt coal-fired generating units is scheduled for service at Kincaid Station, a new mine-mouth plant under construction near Taylorville, Ill. The second Kincaid unit is to be completed in 1968.

The company is awaiting a construction permit from the Atomic Energy Commission for a large addition to Dresden Nuclear Power Station. The unit will have an initial net generating capability of 715,000 kilowatts and is designed to achieve a maximum net capability of approximately 800,000 kilowatts. It is due for service in 1969.

Another important item in the construction program is the addition of more than 500 miles of new 345,000-volt lines to the Edison transmission system. Among these will be two extra-high-voltage lines of 180 miles each, which will be built to carry power from Kincaid Station to the Chicago area.

According to Mr. Ward, about \$395,000,000 of the estimated \$800 million construction expenditures will go for generating facilities. Approximately \$390,000,000 will be expended on additions and reinforcements of the transmission and distribution system. The remaining \$15,000,000 will be spent for general plant additions.

Marion Owens Will Address Mokena Group

Marion Owens, well known area farmer who resides on U.S. 30, will be the speaker at the meeting of the Mokena Woman's club next Monday (Jan. 10) night at 8 o'clock in the home of Mrs. Berle Needham, LaPorte rd.

Mr. Owens, who has given considerable study to the history of the area, will explore the history of Mokena in his address to the club.

The program is being presented by Mrs. Allen Vredenburg, chairman of the historical and community improvement committee.

Open Letter from the Hirschs

Dear friends,
Auto and other modes of travel are causing deaths to occur more frequently away from home. If your family should have this unfortunate experience, we suggest that you phone us, collect, to assist you in this crisis. Through our various funeral associations, we can properly arrange for the care and return of the deceased for funeral service. Respectfully,
